

2022 ROSES CALENDAR

The "Celebrating Roses" 2022 Calendars are now available through the Portland Rose Society and several other outlets. It looks like 2022 will be a very beautiful year for roses and hopefully for many other things as well. While we are still basically trying to forget the last year and a half, we will have beautiful images to look forward to in 2022. You can enjoy the beauty of twelve gorgeous rose throughout the coming year with one or more of these calendars hanging in a prominent place in your home or workspace. The featured roses in this year's offering are Whirlaway, all-time favorite Olimpiad, Golden Wings, an In the Mood for Rain, a beautiful shrub Bukavu, all-time great Gemini, a little of what we need World Peace, A queen Charlotte, a collection of Grand Impressions, a queenly Brandy, a Paradise and a year ending White Delight for December.

The cost of "Celebrating Roses" 2022 calendar is still just \$10 if purchased at a PRS meeting or at the Baer's home. The retail cover price is \$15.95 US and \$20.99 Canadian. PLEASE NOTE FOR CALENDARS ORDERED BY MAIL: Due to postal system changes, if you can wait for your calendar to be bulk mailed on December 1st, the cost is still just \$13. However, if you want the calendar mailed before, or after that date, the cost will be \$18. We just cannot fight the system!
